DESCARGAR NAVEGADOR

The screenshot shows the Google Chrome download page in Spanish. A red dashed oval highlights the address bar containing the URL www.google.com/intl/es_es/chrome/. A red arrow points from this oval to the 'Descarga Google Chrome' button. Another red arrow points from the 'DESCARGAR NAVEGADOR' header to the same button. The page content includes the Chrome logo, navigation links for 'NAVEGADOR', 'CHROMECAST', and 'WEB', the headline 'Un navegador web rápido y gratuito', the subtext 'Un navegador para tu ordenador, tu teléfono y tu tablet', and the download button labeled 'Descarga Google Chrome' with the note 'Para Windows 8/7/Vista/XP' below it.

Una vez instalado el navegador, poner la extensión translator. EN CUALQUIER PAGINA DEL NAVEGADOR GOOGLE CHROME

The image shows a screenshot of the Chrome Web Store search results for 'google translate'. The search bar at the top left contains the text 'google translate', which is circled in red. A dropdown menu is visible below the search bar, listing several suggestions: 'google translate', 'google translate for google', 'google translate web pages automatically', 'google translate chrome download', 'google translate free', 'google translate pad', 'google translate the instant way', 'google translate extension', 'google translate app', and 'google translate pad extension'. A red arrow points from the 'google translate extension' suggestion to the 'Google Translate' extension result in the 'Extensiones' section. The 'Google Translate' extension is listed with a blue icon, the name 'Google Translate', the developer 'de chrome.google.com', and a red arrow pointing to the 'disponible para Android' text. A red circle highlights the '+ AÑADIR A CHROME' button for this extension. The 'Extensiones' section is titled 'Extensiones' and shows 'Más resultados de extensiones'. Other extensions listed include 'Translator (All Languages)', 'Translate For All', and 'Translate'. The 'Aplicaciones' section is titled 'Aplicaciones' and shows 'Más resultados de aplicaciones'. Other applications listed include 'Translator (All Languages)', 'Translate For All', and 'Translate'. The 'Funciones' section on the left lists filters: 'Funciona sin conexión', 'De Google', 'Gratis', and 'Disponible para Android'. The 'chrome web store' logo is in the top left corner, and the 'Iniciar sesión' button is in the top right corner.

Al buscar en internet... puedes traducir la página

The image shows a screenshot of a web browser displaying a PubMed article. The address bar shows the URL: www.ncbi.nlm.nih.gov/pubmed/17935130#cm17935130_5914. The browser's address bar and search bar are visible. The page content includes the PubMed logo, search bar, and article details. The article title is "Immunotherapy of metastatic breast cancer patients with vitamin D-binding protein-derived macrophage activating factor (GcMAF)". The authors are Yamamoto N¹, Suvama H, Yan. The abstract is visible, starting with "Serum vitamin D3-binding protein...".

Annotations and callouts:

- A red box highlights the Google Translate extension icon in the browser's address bar. A red arrow points to it from a callout box that says: "Solamente tienes que pinchar  y se traduce automáticamente".
- A red box highlights the Google Translate extension icon in the browser's search bar. A red arrow points to it from a callout box that says: "Puedes cambiar el idioma".

Article details visible on the page:

Immunotherapy of metastatic breast cancer patients with vitamin D-binding protein-derived macrophage activating factor (GcMAF)
Yamamoto N¹, Suvama H, Yan
Int J Cancer. 2008 Jan 15;122(2):461-7.

Abstract
Serum vitamin D3-binding protein...
Because of proportionality of Nagalase activity as a prognostic factor...
16-22 administrations (approximate control enzyme levels, ranging from 0.32 to 0.63 / mg of protein / min nmol...
